Space City Credit Union Remodels

Houston, TX – Space City Credit Union is pleased to announce that it has completed a major remodeling of their main branch, located at 3101 Harrisburg. The building is the home office of the not-for-profit financial cooperative that was founded in 1965 to serve the employees of Stewart and Stevenson, Inc. Since then, the credit union has expanded and now offers a full array of low-cost and no-cost financial services. **“The changes we are undertaking will allow us to serve our members better, in ways that reflect the modernization that the credit union has undertaken”, said Craig Rohden, CEO.** Under the leadership of the current CEO, Space City has introduced a variety of convenient products and services, including mobile banking, e-deposit, online chat, and more. The new building, which offers Saturday and drive-through hours, will soon include a coin-changing machine, among other services. There are also plans for a branch in the La Porte/Pasadena area this summer.

About Space City Credit Union

With more than 5,400 members and \$36 million in assets, Space City Credit Union members are federally insured through the National Credit Union Administration up to \$250,000 (NCUA) per account. Founded in 1965, the Credit Union serves members in the Houston area. Space City also has a branch office located at 1233 West Loop South. Membership is open to people and their families who live, work, worship or attend school within a 10 mile radius of either branch. For more information on Space City Credit Union, visit the website at www.SpaceCityCU.com.
